The Board of Directors is considering a Real Estate Open House rule change and would like to have your input.

Presently, public open houses are prohibited in the community, which has translated to decreased sales prices in the neighborhood compared to surrounding communities which allow open houses.

Please take a moment and email your thoughts to Management at prunyan@keystonepacific.com. You may also reach Penny Runyan at (949)838-3265.

Thank you! The Board of Directors appreciates you taking the time to provide your feedback!
